

# GUS NEWSLETTER

JUNE - JULY 2013

## Halo!

Apa Kabar?

We in GUS during this cool weather is still visiting many beautiful places in Bali while working on our environmental programs. :D

### Sharp Corporate Social Responsibility (CSR) Program

Sharp CSR programs for Bali which was launched on June 1, conducted in Mertasari Beach, Sanur by cooperating with GUS and Desa Sanur Kauh. The activities including beach clean up and trees planting with the support of high school students in Denpasar.

### Beach Cleaning up Activities

There are several beach clean-up activities initiated by the Surf Industry on last June and July:

- Balangan Beach Clean Up with Billabong
- Padang-padang Beach Clean Up with Rip Curl
- Segara Kuta Beach Clean Up with Surfer Girl

Although these initiatives were not done on daily basis, but they could encourage the communities to keep our beautiful beaches in Bali clean and preserve them.

## Camp Sanitation Bali 2013

The "Camp Sanitation Bali 2013" was held on June 8-9 for the students of junior high schools in Bali. It was a Sanitation Ambassador of Bali selection, Sanitation Jamboree and the launching of BerSeRRi program. The theme was "Together We Care for Sanitation & Drinking Water".

Through the poster, writing and awareness-presenting competitions, this activity is a series of educational programs of Satker PPLP Bali from Ministry of Public Works (PU) with the goal to improve the public's behavior in sanitation". The camp was a collaboration with Dinas Pendidikan Pemuda dan Olahraga Provinsi Bali and GUS.

## Composting at TPST Besakih

After compiling the data of the waste being dumped at TPST Besakih, a composting experiment was conducted to further being applied to process the organic waste dumped at the Besakih's landfill.

## Socialization on Bank Sampah at Desa Lembeng

In collaboration with Yayasan Garuda Wastu Lestari, GUS introduced Bank Sampah program on Br. Aktha's PKK meeting, Desa Lembeng, Gianyar, about its benefits to make the environment cleaner. Not to mention its economic benefit as Ibu-ibu PKK could earn additional income as a result of selling their waste.
